

TV TUBES

Industrial Manipulators

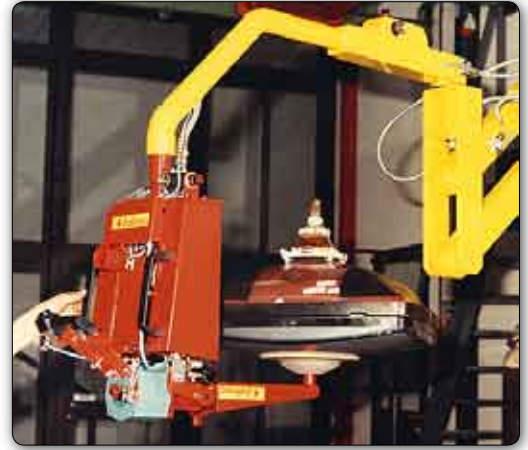

Dalmeccan offers a range of tooling heads for the “weightless” handling of TV tubes.

Simple to use, they allow the operator to move the TV tubes quickly, accurately and safely throughout the working area.

These manipulators have been custom-built, with specially adapted design, dimensions and picking systems to suit the specific requirements of the users and the various environmental conditions available.

TV TUBES

Manipulators with suction cup tooling (Venturi) for gripping, inclination and rotation of TV tubes.

Manipulator with suction cups tooling for gripping on the screen, handling and placing into the appropriate TV packing.

Manipulator with forks tooling for handling packaged televisions.

Manipulator with adjustable hooks tooling for gripping the TV tube on the supports.

9918160

Manipulator with suction cup tooling (Venturi) for gripping and 180° pneumatic overturning of TV tubes and the suction cup is manually rotating.

9918161

9918420

Manipulator with suction cups tooling (Venturi) for gripping and handling of TV tubes on the cone.

9917971

Manipulator with suction cups tooling for gripping and handling TV.

0122471

Manipulator with suction cups tooling for gripping and handling TV.

9816271

Manipulator with suction cups tooling for gripping on the screen, handling and placing into the appropriate TV packing.

0121930

Manipulator with suction cups tooling for gripping and handling TV.

0122848

Manipulator with suction cups tooling for gripping on the screen, handling and placing into the appropriate TV packing.
